

COOL RESULTS NO RISK PROMISE

If you're wondering "Will Coolsculpting really work for me" we get it. That's exactly why we created our exclusive Cool Results No Risk Promise

Even though Coolsculpting has performed over 14 million treatments worldwide, what's most important for us is that YOU get results!

We are the ONLY Coolsculpting Elite provider in the area to offer you the Cool Results No Risk Promise because we stand behind the technology and our experience delivering thousands of treatments and we want you to be completely assured you will get the absolute best result possible.

Although very uncommon, when you invest in the full CoolSculpting treatment plan we recommend for you, if after 6 weeks post last treatment there is not a visible reduction of fat in the treated area, we will provide you an additional treatment round free of charge in that same treatment area!

Cool Results No Risk Promise Details:

- Patient must pay for and complete the full round recommended treatment plan on the area being treated
- Patient must complete their full treatment plan including the potential additional free treatment within the allotted days of their treatment session
 - Essential - within 90 days
 - Signature - within 150 days
- The final follow-up appointment and assessment will take place 6 weeks after the last treatment session date
- Patient must be within 3 pounds of their original treatment weight at the 6 week follow up
- If patient is unable to stay within the required timeframe, patient must pay an additional \$950 for the retreatment if needed.

_____ I **ACCEPT** the parameters of the Cool Results No-Risk Promise and will complete the full recommended treatment.

_____ No thank you. I **DECLINE** the full recommended treatment and waive the no-risk guarantee of the Cool Results No-Risk Promise
